

HazCom 2012 & GHS - A Professional Development Opportunity
“HazCom 2012/GHS What You Need To Know”
Friday, August 10, 2012 9:00 AM – 1:30 PM
Birmingham, AL

OSHA published the HazCom 2012 Final Rule on March 20, 2012 and with this new standard came the adoption of Global Harmonization System (GHS). Along with the promulgation of the new HazCom 2012 standard, a new set of regulatory compliance challenges were created for industry. Some of the changes are requirements that: each MSDS (now a SDS) be reformatted, training be updated, chemical classification and hazard symbol changes and more. We are very lucky to have Denese A. Deeds CIH, author of *The Synergist* article *A New Foundation for Hazard Communication HazCom 2012 Bringing GHS to the U.S.* as our featured speaker. This event will help prepare you for these changes. If you are a Health and Safety Professional you should attend this event to prepare for compliance.

Following Denese’s presentation, there will be networking opportunities at lunch and during a rededication for the H. Kenneth Dillon Industrial Hygiene Laboratory.

8:30 AM Registration & Networking
9:00 AM HazCom 2012 /GHS - “What You Need To Know”, Denese A. Deeds, CIH
11:00 AM Q&A Session

Birmingham, AL

\$35 for Non-Alabama AIHA Members [Click Here To Register](#)
\$25 for Alabama AIHA Members [Click Here To Register](#)

Location:
This event will be held in the Ryals Public Health Building on the University of Alabama at Birmingham campus. Located at 1665 University Boulevard, between 16th and 17th streets south. The building may be entered from the north (facing University Boulevard) and east sides (facing the UAB Webb Building). We will be meeting in Room 407.

Parking: Limited parking will be available at University of Alabama at Birmingham’s 9th Avenue South parking deck. The public entrance is located on 16th Street South, between University Boulevard and 9th Avenue South, behind the Ryals School of Public Health Building. Parkers will be required to pull a ticket to enter the deck. The Deep South Center for OH&S will validate your parking ticket at the workshop.
