This intense 4 day program has been designed based on feedback from our target audience—**practicing safety and health professionals**. Our strategy is to provide a review of the content that will be covered in the examinations, through problem solving and discussions. To prepare you for success, this course comes with a workbook, exercises, calculations and software with a **500 test question bank**.

By attending this course, you will be able to identify your strengths and any weaknesses or areas that you should devote additional time to in studying. Others needing a comprehensive review in safety are encouraged to attend this information packed, fast paced course.

CSP Exam Information

Before registering for this review course in preparation for the CSP exam, please carefully review the eligibility and application process through the Board of Certified Safety Professionals at www.bscsp.org.

Course Content

The workshop covers the four areas of the exam: engineering, management, information management and communications and professional conduct and ethics. Your preparation will include lectures, sample problems, and discussions on a variety of subjects to prepare you for the exam. At the completion of the CSP prep workshop participants will learn to:

- ✓ Concepts of probability, statistics and calculus
- ✓ Engineering: safety and environmental, occupational health, fire protection
- ✓ Applied management: principles, ergonomic analysis, risk management, workers' compensation
- ✓ Legal/regulatory and professional affairs

Course Director

Tim Sterling, MPH, CIH, CSP is our Course Director. Tim is the owner of Sterling Consulting which provides professional services including safety and health program development, industrial hygiene field services, VPP guidance and technical safety and health support. He is known for his dynamic approach to teaching. In addition to his commitment to the field of industrial hygiene, he is active in his community.

Comments *"Great instructor, very knowledgeable and interesting." "Tim Sterling is a wonderful instructor."*

Tuition

Registration fee is \$1100, this includes software, workbook and practice exercises.

Information

Course will be held at the Four Points by Sheraton Destin-Fort Walton Beach, 1325 Miracle Strip Parkway SE, Fort Walton Beach, FL. Sleeping rooms starting at \$199/night, plus tax, have been set aside, beginning, May 23, 2014 (for a limited time only - reservations should be made by **May 2, 2014**). Participants should call the hotel directly at 1-800-874-8104 or register online at the below link.

<https://www.starwoodmeeting.com/StarGroupsWeb/res?id=1310047462&key=D8608>

** Participants who complete the training will earn Continuing Education Units (CEUs), the national standard of recognition for nonacademic professional education.

With the CSP credential, you are among those in the profession who increase their opportunities for leadership positions and salary increases.

In 2012 BCSP survey results indicated the median annual salary of a CSP is over **\$25,000** greater than the median annual salary of the average occupational health and safety specialist, according to number reported by the Bureau of Labor Statistics. The average annual salary of a CSP was reported as being about **\$98,000**.
